## Office Management Software

- Stock Master
- Invoices
- Accounting
- Reports

**Complete Office Management Software – Free for One Year** (*T&C Apply)

# Officeig Cloud Supported
## Biometric Attendance Device

## Key Features

**Dashboard Overview**
Get live insights on total employees, those present and absentees — all in one dashboard.

**Real-Time Attendance Tracking**
Instantly sync attendance data from multiple locations to the cloud.

**Reports**
Daily, weekly, and monthly attendance reports are available in just one tap — export in Excel or PDF formats.

**Activity Logs**
Get a complete audit trail of changes made to the device or user settings.

**Leave Management**
Approve, reject, or manage employee leave requests with auto-sync to attendance reports.

**Geo-Fencing & Location Tracking**
Restrict attendance punches to specific office locations via GPS.

**Face Recognition & Fingerprint Support**
Advanced biometric authentication to prevent buddy punching.

**Mobile App Integration**
Employees can view their attendance, apply for leave via the mobile app
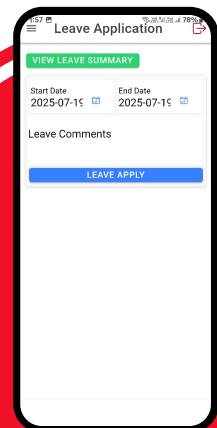

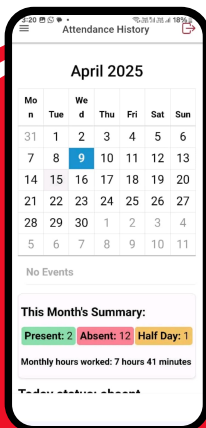

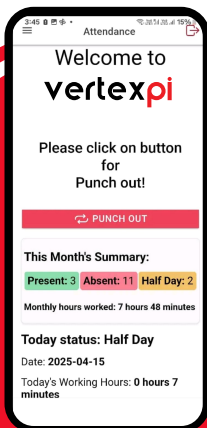

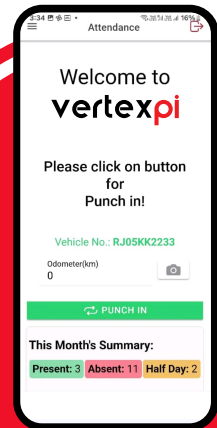

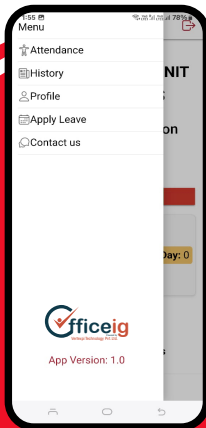

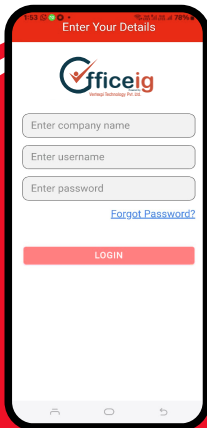

**Multi-Device & Multi-Location Support**
Use across branches or units with centralized control.

**User Access Control**
Set role-based access rights for HR, Admin, or Managers.
